BIRINGER BUILDERS

Meet **BIRINGER BUILDERS**, where quality and imagination meets jaw-dropping design: where beauty is found in every custom detail, and old-fashioned integrity typifies the company's hard-earned reputation for excellence. Biringer Builders knows how to construct a superior custom home and is passionate about doing so.

Craftsmanship and quality are the foundations on which Jim Biringer began building in 1979. Today, John Waters, along with his wife Valerie, continues the tradition of custom workmanship with an unsurpassed customer experience. They lead a team of sales and design professionals that provide the vision, service, and attention to detail that has become synonymous with the Biringer name.

It was truly a pleasure to work with such an amazing group of people. Biringer Builders did an outstanding job and not only built our dream home but created an awesome work of art. We thank each and every one of the wonderful people involved in our project. Thank you John and Val Waters. **WE LOVE IT!**
